**You've been chosen as our representative
on the Local Citizens Board.
Your main task is to protect our interest.**

We all have, on some level, problems with communication in the language used in the valley. Because of that, we won't be able to benefit from this solution unless the Local Citizens Board take take a step to include all groups by funding the **Accessibility programme ①**.

Our legal status is yet to be regulated by the public administration, so we won't be able to benefit from the **Insurance support ②**, unless the Board includes us by funding **Temporary residence registration ③**.

We are a part of this community. We want to be included in plans implemented by the Local Citizens Board.

Our **wellbeing ④** will improve if the Local Citizens Board decides to fund the **Additional Staff for the local school ⑤**. We also support local businesses and entrepreneurship so we would like you to help fund the wellbeing solution **Local business support ⑥**.

It would be wise to use **Relocation support ⑦** to relocate to higher ground. It's important especially for those of us who live on elevation I. From our experience, it could help a lot of people!

Don't disappoint us!
