**You've been chosen as our representative
on the Local Citizens Board.
Your main task is to protect our interest.**

1

We hope you will convince other members of the Board to fund the **Insurance support 1** and **Relocation support 2**.

2

The **wellbeing 3** of our families will improve if the Local Citizens Board funds **Local business support 4**.

3

We also quite like the idea of the **Reforestation 5**. It would be great to live near a forest!
