

# People with disabilities

**You've been chosen as our representative  
on the Local Citizens Board.  
Your main task is to protect our interest.**

1

Because of our disabilities we have different needs than other inhabitants of the Valley. **Preparedness Package 1** does not answer our needs. We won't be able to benefit from this solution unless the Local Citizens Board takes a step to include all groups by funding the **Accessibility programme 2**.

2

3

We are a part of this community. We want to be included in plans implemented by the Local Citizens Board.

4

It might be difficult for us to relocate, even with support. Adapting a new place to our needs would be expensive. There should be a better action than **Relocation support 3**.

5

6

The **wellbeing 4** of our families will improve if the Local Citizens Board decides to fund the **Additional staff for the local school 5**, which will help adapt the school to the needs of our children.

We believe it will be good to invest in the **Hospital redevelopment 6**. Proper health care is important for us!

**Don't disappoint us!**

You can find more details about the actions on your action cards.
